

Anelise Salinas

E-MAIL: anelise.salinas96@gmail.com

AGE: 29 anos

LOCATION: Brazil

PORTFÓLIO: <https://anyhsalinas.github.io/portfolio/>

ABOUT ME:

I like solving problems and helping people. I'm always looking to improve as person and as a professional, so I keep myself open to suggestions and constructive criticism.

GOAL:

I'm looking for a remote job with a fix monthly salary and I'm willing to offer my skills at the company's disposal, with the intention of helping it grow while representing its values by working in the fields of either Front-end Development, Video Editing, Web Design, Social Media Management, Translation (EN<>PT) or Client Support.

SKILLS:

WEB DEVELOPMENT:

- HTML (12+ years)
- CSS (12+ years)
- JavaScript (7+ years)
- JQuery (7+ years)
- React.js (1 year)

OTHER:

- Video editing (5+ years)
- Image editing and Vetorial Design (12+ years)
- Professional Social Media Management (5+ years)

LANGUAGES:

- Brazilian Portuguese (Native)
- English (Intermediate)

EDUCATION:

- Technical Course in Web Design with Photoshop – Senac-RS, Brazil (2014)
- On the rest I am self-taught

EXPERIENCE:

I have worked as a freelancer for over 10 years, as a Web Designer and Content Creator on my own. But now I am looking for a job with a fixed salary where my skills are being needed.

Web Design/Front-end: I started coding templates for blogs when I was still a teenager simply out of curiosity and this hobby ended up attracting clients. I then started looking for expanding my knowledge and improving in HTML, CSS and JavaScript. I made several small projects, but never a big one, so I still consider myself a Junior developer.

Content Creation/Video Editing: I also already tried profiting with content creation on Instagram, Tiktok and Youtube. Producing, editing, posting and studying the analytics/performance of my own content. With this I gained quite a lot of experience with video editing, SEO and how to attract and deal with the audience.
